BY SCIENCE AND INNOVATION**

Sujan Babu Marahatta Consultancy PVT. LTD (SBM-Consult) was established on 24 October 2018, as a research services company, operating at the leading edge of professional standards and research

THE NAME

Its name, Sujan Babu Marahatta, was "borrowed" from name of the prominent health researcher Dr. Sujan Babu Marahatta.

OUR BELIEF

We believe research that delivers real insights requires not only a different kind of approach from mere fact gathering, but also a fundamentally different culture in a research company. Our company ensures professional standards through their Codes of Ethics.

CORE VALUES

VISION

To be the leading company for health care and development related consultancy services

MISSION

To strive for providing complete solutions for education, health care services and researches

CORE COMPETENCIES

Our core competence is providing consulting related to the health care, developmental activities and research. We are therefore experienced in developing and validating evidence for the health care and practices in other sectors. Our functional services are primarily focused on providing consultancy for evidence based health care and evidence based developmental practices back up with the high quality research. We employ people with experience from the health care sectors, academia as well as other developmental sectors. Being a relatively small company and operating in transparent markets, SBM Consult, has maintained a client-focused and flexible attitude acknowledging the typical close collaboration with the players of different developmental sector. We value the partnership philosophy, but are nevertheless compliant with agreed milestones. Our consultants have been carefully selected and trained to understand the quality and result-oriented environment in today's contracting market. **We adhere to agreed targets with dedication and reliability; and present our work accurately and comprehensively.** Dedication to the projects, and a clear vision of professional pride, make us important providers of health care and multi-sectoral development service provider in Nepal and also in abroad.
